FOR IMMEDIATE RELEASE

KLEIN MARINE SYSTEMS SIGNS SATÉLITES y TELECOMUNICACIONES, C.A. (SATELCA) AS INTERNATIONAL REPRESENTATIVE

SALEM, NH – May 2, 2016 – Klein Marine Systems, Inc. (“Klein”), a wholly owned subsidiary of Mitcham Industries, Inc. (“Mitcham” or “the Company”) (NASDAQ: MIND) is pleased to announce the addition of Satélites y Telecomunicaciones, C.A. (SATELCA) as an International Representative for Klein Marine Systems Maritime Security and Surveillance systems in Venezuela and Panama.

Located in the capital of Venezuela, SATELCA is the leader in safety and technology for integrated security systems. SATELCA will be responsible for the market penetration, expansion and sales of the Klein HarborGuard® Pro Early Warning Detection and Security Systems (EWDSS) within Venezuela and Panama.

The Klein Marine EWDSS is a fully integrated platform perimeter security solution which correlates radar, electro-optical/infrared (EO/IR), sonar and Automatic Identification Systems (AIS) data into an intuitive and understanding common operating picture. The Klein EWDSS is a fully modular system which when coupled with any combination of sensors will provide a flexible and scalable turnkey solution. EWDSS can stand alone as a platform perimeter security system or act as a node in a platform-based, wide-area surveillance network.

Frank Cobis, Vice President and General Manager said “Their extensive system integration experience, will allow SATELCA to provide the offshore oil and gas industry turnkey solutions for maritime surveillance and security requirements. As we continue to expand our international market presence for our maritime security solutions, we are pleased to have them on board as part of the Klein international team.”

About Klein

Klein has over forty nine years of experience with the development and manufacture of high performance maritime products including side scan and bathymetry sonars and maritime surveillance and security solutions. Our side scan sonar systems are respected as the standard of excellence in the industry and

are deployed by Governments, Navies, Port Authorities, surveyors, oil companies and universities worldwide. Klein occupies a 55,000 sq. ft. facility in Salem, NH USA.

About Mitcham Industries

Mitcham Industries, Inc. provides equipment to the geophysical, oceanographic and hydrographic industries. Headquartered in Huntsville, Texas, Mitcham has a global presence with operating locations in Salem, New Hampshire; Calgary, Canada; Brisbane, Australia; Singapore; Ufa, Bashkortostan, Russia; Budapest, Hungary; Lima, Peru; Bogota, Colombia and the United Kingdom. Through its Leasing Segment, Mitcham believes it is the largest independent provider of exploration equipment to the seismic industry. Mitcham's worldwide Equipment Manufacturing and Sales Segment includes its Seemap business, which designs, manufactures and sells specialized seismic marine equipment and Klein Marine Systems, Inc. which develops and manufactures high performance side scan sonar systems.
