KLEIN MARINE SYSTEMS SIGNS DASCO EQUIPMENT AS INTERNATIONAL REPRESENTATIVE IN CANADA

SALEM, NH – August 15, 2016 – Klein Marine Systems, Inc. (“Klein”), a wholly owned subsidiary of Mitcham Industries, Inc. (“Mitcham” or “the Company”) (NASDAQ: MIND) is pleased to announce the addition of Dasco Equipment (DASCO) as an International Representative for Klein Marine Systems side scan and bathymetry sonar systems in Canada.

Located on Prince Edward Island and incorporated in 1987, DASCO Equipment, has been a leading provider of commercial underwater equipment for hydrographic survey for almost 30 years. DASCO has been the only authorized representative and distributor in Canada for R&D Instruments and acoustic doppler current profilers. DASCO will be responsible for supplying Klein Marine Systems side scan and bathymetry sonar systems to the commercial and government marketplace within Canada. DASCO specializes in the operation and maintenance of rental/demonstration equipment, including ADCP’s, ROV’s, Sonar and tracking systems and associated deployment accessories.

Giuseppe Di Stefano, Director of Sales and Marketing said “Their extensive experience in electronics engineering, pipeline and cable lay, high resolution hazard and site surveys, remote data acquisition, geophysical and hydrographic mapping, remotely operated vehicles (ROVs), and disaster recovery make them an ideal Klein representative. As we continue to expand our international market presence for our sonar product line, we are pleased to have them as a business partner.”

About Klein

Klein has over forty eight years of experience with the development and manufacture of high performance sonar products including side scan and bathymetry systems and maritime surveillance and security solutions. Our side scan sonar systems are respected as the standard of excellence in the industry and are

deployed by Governments, Navies, Port Authorities, surveyors, oil companies, academic and scientific institutions worldwide.
