

SERVICE & TEST TECHNICIAN

Job Description:

Founded in 1968, Klein Marine Systems (Klein Associates) is the world's leading supplier of side scan sonar equipment and waterside security and surveillance systems. Klein enjoys a worldwide reputation of excellence founded on high-quality products and customer service.

We are currently seeking qualified candidates to fill an open Service & Test Technician position for our SONAR and Waterside Security product lines. This position will be based out of Klein's Salem NH office. The successful candidate will play a critical role in providing in-house and occasional field level engineering/technical support. In-house activities include test/troubleshoot/repair production electronics from system to component level, engineering & documentation support, system level test/customer demonstrations and customer support. Field work will include installation, commissioning, and training as well as preventive and corrective maintenance and will involve domestic and foreign travel to work at remote site locations, offshore facilities and vessels. Successful candidate will also perform both formal and informal training in-house and at customer sites.

Qualifications:

- Bachelors' degree in electrical engineering or a related engineering discipline (Equivalent work experience will be considered)
- Three (3) plus years experience in a system level engineering/technical support position

Requirements:

- Test, troubleshoot, and repair SONAR production electronics from system to component level
- Test & calibrate electronic circuitry relative to company product lines
- Work from test procedures, schematics, and wiring diagrams / update/modify ECNs as needed
- Experience with security sensor technologies
- Experience with SONAR/marine navigation/radar technologies & equipment
- Undertake technical field jobs for both training and direct survey assistance
- Must possess excellent verbal and written communications skills
- Proficient with all standard electronic test equipment
- Proficient with Microsoft Office and Windows operating systems
- Network (LAN/WAN) and CCTV surveillance systems experience a plus
- Working knowledge of computers and computer networks
- Must be willing to travel as needed (~10-20% domestic and international)

Klein Marine Systems is proud to be an Affirmative Action/Equal Opportunity Employer. Klein provides equal employment opportunity for all persons, in all facets of employment. Klein maintains a drug-free workplace and performs pre-employment substance abuse testing and background checks. We encourage veterans, disabled veterans and disabled individuals to apply for any open position for which they feel they are qualified.

11 Klein Drive, Salem, New Hampshire 03079
